Dear Examiner,

Re: Unity of the invention

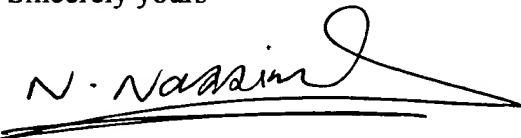

May I request the US examiner to consider the unity of my invention in relation to Glycophosphopeptical and Nigella Sativa. This invention is considered a single comprehensive entity comprising many aspects (Glycophosphopeptical and the herb, Nigella Sativa together) that are an essential parts of the whole.

Having completed the procedures of the International Preliminary Examination and Search, the unity of the invention has not been debated during the International Phase. I understand that the time period involved in this examination is short, this is due to a delay from the examiner in announcing the report and I sincerely ask that you take my circumstances into account.

The International Preliminary Examination Report has been based on a prior GB Patent office preliminary examination and search, I am currently in the final stages of discussion with the GB patent examiner with regard to the subject of unity of invention, who has verbally indicated that our unity argument would be taken into favourable consideration.

Meanwhile, I remain in anticipation.

Sincerely yours

Applicant  
NASSIEF, Nida Abdul-Ghani

1. The applicant is hereby notified that this International Preliminary Examining Authority transmits herewith the international preliminary examination report and its annexes, if any, established on the international application.
2. A copy of the report and its annexes, if any, is being transmitted to the International Bureau for communication to all the elected Offices.
3. Where required by any of the elected Offices, the International Bureau will prepare an English translation of the report (but not of any annexes) and will transmit such translation to those Offices.
4. **REMINDER**

The applicant must enter the national phase before each elected Office by performing certain acts (filing translations and paying national fees) within 30 months from the priority date (or later in some Offices) (Article 39(1)) (see also the reminder sent by the International Bureau with Form PCT/IB/301).

Where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary examination report. It is the applicant's responsibility to prepare and furnish such translation directly to each elected Office concerned.

For further details on the applicable time limits and requirements of the elected Offices, see Volume II of the PCT Applicant's Guide.

Dear Sir/Madam,

Re: Application under Small Entity Status

Would you kindly consider my application under the category of small entity status as I am a medical doctor employed in a Government hospital (Medical Service Administration, Ministry of Interior) in Doha, Qatar, Arabian Gulf.

May I point out that I am completely self funded from my salary and have no other sponsors in this project.

As an evidence of the above status is that I am using my personal address for correspondence that is registered in the GB priority document number GB 9904777.1 and the International patent (PCT/IB00/0022) is:

PO Box 4606

Doha

Qatar

Arabian Gulf

Residence Tel/Fax: + 974 4650 664

In addition, I am submitting a copy of my passport that shows the type of permit as work residence in the Ministry of Interior, the copy is certified on the back by the personnel department in the hospital. If an official letter from the Ministry of Interior is required, please let me know.

Thank you in advance.

Sincerely yours,

NASSIEF, Nida Abdul-Ghani
